20余载筚路蓝缕,成就中国电梯世界影响力

全球十大电梯制造商TOP10

以68.65 亿品牌价值稳居民族电梯品牌首位

With over 20 years of pioneering efforts,
Canny Elevator enables Chinese elevators to make their presence felt in the world.

Global top 10 elevator manufacturer

With the brand value of 6.865 billion yuan,
Canny Elevator tops the list of Chinese elevator brands steadily.

康力电梯蓬勃发展的20年,也是中国电梯走向世界的20年。

从上个世纪80年代开始,随着国民经济的持续发展、房地产行业的繁荣以及城镇化进程的加快推进,中国电梯业取得了突飞猛进的发展,完成了从“合作、学习”到“自主、创新”的蜕变。以打造世界级民族电梯品牌为己任的康力电梯,成为了这一历史进程的见证者、推动者和领导者。

自1997年成立以来,康力电梯从吴江一家小小的电梯配件厂,至今已发展成为产业规模居全国乃至全球前列的上市企业。

In the past 20 years, CANNY ELEVATOR flourished and Chinese elevators went global.

Since 1980s, with continuous development of national economy, the flourishing real estate industry and accelerating urbanization, China's elevator industry has advanced by leaps and bounds and achieved transformation from cooperation and learning into independent development and innovation. With the mission of building a world-class national elevator brand, Canny Elevator has become a witness, contributor and leader in this period of history.

Since it was founded in 1997, Canny Elevator has become a large listed enterprise in China and even the whole world in terms of scale from a small elevator part factory. We have constantly broken the

康力人在技术创新、品质完善、市场经营、工程实践等领域,不断打破外资品牌垄断格局,攀越一个又一个巅峰,开创了属于中国电梯品牌的国际化时代,为中国电梯行业塑造了独特的康力模式。

百年康力,初心不改。在实现“世界品牌、中国领跑”的梦想路上,康力电梯将进一步放开格局,锐意创新,砥砺前行,以更优秀的发展业绩续写中国电梯品牌恢弘的历史华章。

monopolies of foreign brands in technological innovation, quality improvement, marketing and engineering fields, kept scaling new heights, opened an era for Chinese elevator brands to go global, and shaped the unique Canny Model for China's elevator industry.

Canny Elevator remains true to its original aspiration. While striving to become a world-class brand and take the lead in China, Canny Elevator will have a broader vision, make innovations with keen determination, work hard to press ahead and continue to write a magnificent historic chapter of Chinese elevator brands with more excellent development achievements.

CONTENTS 目录

A 立于民族 傲于国际

A National Elevator Brand
A World-class Elevator Brand

我们开创了属于中国电梯品牌的国际化时代,也为中国电梯行业塑造了独特的康力模式。

We have created an era for Chinese elevator brands to go global and also shaped a unique Canny Model for China's Elevator Industry.

康力电梯股份有限公司

CANNY ELEVATOR CO.,LTD.

引领着一个属于中国电梯品牌的国际时代

康力电梯股份有限公司成立于1997年，是集设计、制造、销售、安装和维保于一体的现代化专业电梯企业。公司拥有国家质检总局颁发的电梯制造、安装、改造和维修A级资质，获得欧洲CE认证、韩国KC认证、俄罗斯EAC认证、德国TUV认证。

康力电梯于2010年在深交所上市，成为中国电梯行业中首家上市企业；于2017年跻身“全球电梯制造商TOP10”；2013-2018连续6年入选“中国房地产开发企业500强首选电梯供应商TOP10”。在国家市场监督管理总局指导由中国品牌促进会发布的“2018中国品牌价值评价榜”中，康力电梯以68.65亿元品牌价值稳居自主品牌首位。公司还先后荣获全国建设机械与电梯行业质量金奖、苏州市市长质量奖、

Leading an international times belonging to Chinese elevator brands

Canny Elevator CO.,LTD., founded in 1997, is a modernized and professional elevator manufacturer which integrates the design, manufacturing, sales, installation and maintenance as a whole. Canny obtains certifications like Chinese AQSIQ A-level qualification, European CE, Korean KC, Russian EAC and German TUV.

Canny listed on Shenzhen Stock Exchange in 2010, as the first one in China's elevator industry, became GLOBAL TOP10 elevator manufacturer in 2017 and TOP10 preferred supplier for 500 real estate enterprises in China for 6 consecutive years 2013-2018. Canny brand value of 6.865 billion yuan ranked first among self-owned brands in "2018 China Brand Value Evaluation List" issued by CCBP directed by SAMR. Canny also won the Gold Quality Award for National Elevator Industry, Suzhou Mayor Quality Award, and Jiangsu Province Quality Award.

江苏省质量奖。

康力电梯总部位于“苏州桥头堡、虹桥副中心”——汾湖高新区，是江苏省地标性企业，在苏州、成都、中山共建有4座生产基地，总占地逾141万平方米，综合实力和产业规模居行业前茅。目前康力旗下有15家全资子公司，在工业自动化、服务机器人、物联网、人工智能应用等领域都有布局，与中国制造和产业升级一路同行。

康力电梯开发的产品覆盖占市场总容量99%以上的电扶梯市场，重点面向住宅楼、商务楼、酒店、购物中心、轨交枢纽等场所。在国内，公司已建成100多个营销服务分支机构，规模业内领先。

Canny, with its headquarters in "Suzhou bridgehead, Hongqiao Sub-center"-FOHO, is a landmark enterprise in Jiangsu Province. Canny's strength and industry scale is the best among the industry, with four production bases in Suzhou, Chengdu and Zhongshan, covering the total area of over 1.41 million m². At present, Canny is along with China's manufacturing and industrial upgrading, by the 15 wholly-owned subsidiaries in the fields of industrial automation, service robots, IoT, AI applications, etc.

The products developed by Canny Elevator cover the elevator & escalator market, which accounts for more than 99% of the total market capacity. The focus is on residential buildings, commercial buildings, hotels, shopping centers, rail transit hubs and other places. In China, the company has built more than 100 marketing service branches, leading the industry in scale.

公司秉持“植根中国，服务全球”的发展理念，积极拓展海外市场，现已建成63个海外代理营销服务网点，产品远销100余个国家和地区。

康力电梯，一个以做强民族品牌为己任的电梯专家，必将成为极具国际竞争力的综合服务商和品牌运营商，为实现“中国梦”贡献无限向上的正能量！

Canny, with concept of "Rooted in China, serve the global" and expanding overseas markets actively, has established 63 overseas agents for exporting to more than 100 countries and regions.

Canny, as an elevator expert to take national brand as its mission, will become an internationally competitive integrated service provider and brand operator, and will contribute the infinite upward positive energy to the realization of "China Dream"!

深厚的品牌价值

Rich Brand Value

我们在提供产品和服务的同时,也注重自身品牌价值的积累。在新的时期,我们将继续以智慧和汗水,托起民族电梯工业的希望。

While providing products and services, we also attach importance to accumulation of brand value. In the new era, we will continue to contribute to the national elevator industry of China with wisdom and hard work.

中国电梯行业首家A股上市企业

连续十年行业自主品牌主要经济指标第一

The First Enterprise Listed in the A-share Market in China's Elevator Industry

Ranked First among Self-Owned Elevator Brands in Terms of Main Economic Indexes for 10 Consecutive Years

2010年3月12日,康力电梯股份有限公司在深交所A股成功上市,开启自身里程碑式的发展进程,并一举奠定了在我国电梯行业中的领导者和先行者地位。

On March 12, 2010, Canny Elevator was successfully listed in the A-share market of Shenzhen Securities Exchange, started its milestone-type development course and consolidated its leading and pioneering position in China's elevator industry.

纽约时代广场亮相

作为中国电梯行业代表品牌,康力电梯两度亮相纽约时代广场,向全世界展示了我们的独特魅力,也将我们的品牌国际化发展之旅推向一个新的高度。

CANNY ELEVATOR hit New York's Times Square

As a typical brand in China's elevator industry, Canny Elevator hit New York's Times Square twice, showed our unique charm to the whole world and scaled a new height in building an international brand.

稳居品牌榜首

2016年12月,康力首次参与品牌价值评价即以43.63亿元品牌价值荣登榜单。

2018年5月,2018中国品牌价值评价榜权威发布,康力以68.65亿品牌价值稳居民族电梯品牌首位。我们在蜕变中不断成长,以绝对实力,又一次实现了历史性飞跃。

Steadily ranked first among elevator brands

In December 2016, Canny Elevator participated in evaluation of brand value for the first time and topped the list with the brand value of 4.363 billion yuan.

In May 2018, Canny Elevator with the brand value of 6.865 billion yuan topped the listed of national elevator brands as the 2018 Chinese Brand Value Evaluation List was released. We have constantly grown in transformation and realized historic progress again with absolute strength.

技术驱动 引领中国电梯从制造走向创造

Technology-driven
Guide China's elevator industry to transform from manufacture into creation

一流的研发团队、国家级研发平台，为康力的创新能力提供了坚实的基础。自成立以来，康力不断开发出新产品和新技术，不仅成就康力，更引领电梯行业从中国制造走向中国创造。

Its first-rate R&D teams and national R&D platform have laid a solid foundation for Canny's innovation ability. Since its inception, Canny has constantly developed new products and technologies, made great achievements and even guided China's elevator industry to transform from Made in China into Created in China.

国家认定企业技术中心

行业首家自主品牌企业获此殊荣

National Recognized Enterprise Technology Center

Canny is the first self-owned brand enterprise winning this honor in the industry.

2011年，康力电梯技术中心被国家五部委正式授予为“国家认定企业技术中心”，成为中国电梯行业首家获此殊荣的自主品牌电梯企业。

In 2011, Canny Elevator Technology Center was officially awarded as "National Recognized Enterprise Technology Center" by the five ministries and commissions, and became the first independent elevator enterprise in China's elevator industry to receive this honor.

人才团队

加强对技术人才的培养和引进，打造实力雄厚的技术研发团队

Talent Team

Canny strengthens the training and introduction of technical personnel and builds technical R&D teams with solid strength.

管理机制

建立完善的规章制度、绩效考核制度、员工培训体系

Management Systems

Canny builds perfect regulation and standard, performance assessment and employee training systems.

创新研发

坚持技术创新与产品研发、优化，满足日新月异的市场需求

Innovation and Development

Canny insists on technological innovation and product development and optimization and meets quickly changing market demands.

经过多年深耕细作，康力已获得了879项技术专利，技术中心在人员、机构、制度等方面精准发力，推动康力在自主创新中不断取得新的突破。

After years of great efforts, Canny has obtained nearly 879 technical patents. The technology center focuses on personnel, organizations and systems, and promotes Canny to constantly make breakthroughs in independent innovation.

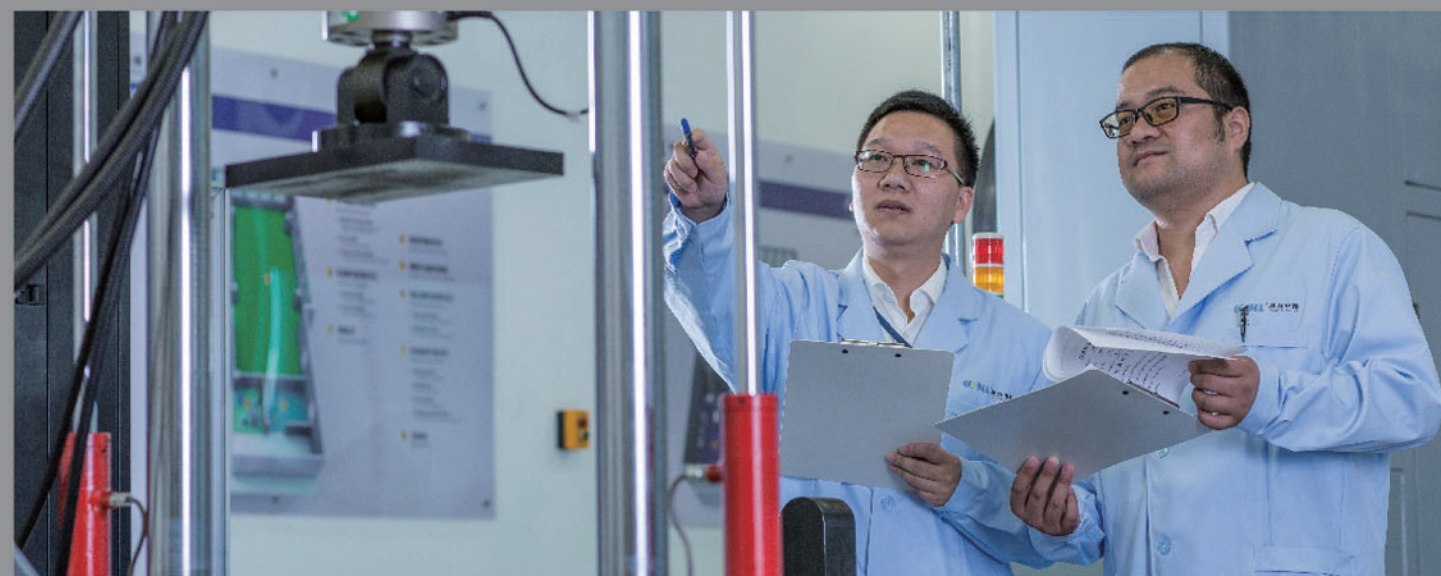

创新平台 以技术贡献行业和社会

Innovation Platform

Contribute to the Elevator Industry and the Society with Technologies

康力电梯拥有完善的技术创新平台,从自主研发、合作开发再到以技术成果贡献行业和社会,康力以技术为驱动,获得了长足的发展。

Canny Elevator has a complete technological innovation platform. From independent and joint development to utilization of technical results contributing to the elevator industry and the society, Canny has driven development with technologies and made considerable progress.

康力电梯 技术中心实验室

正式通过中国合格评定国家认可委员会(CNAS)认证。具备本国及全球其他数十个互认国家和地区认可的管理水平和检验检测能力。

Canny Technology Center Laboratory

It has officially obtained the CNAS certification. It has the management level and test ability recognized by China and dozens of other countries and regions of mutual recognition.

产业技术联盟 Technical Alliance of the Elevator Industry

康力自成立以来,就不断与各高校科研机构共同组建电梯产业技术联盟,集中优势力量实现产业技术创新和高端技术人才培养,为公司技术实力持续提升提供源源不断的支持。

Since its inception, Canny has constantly worked with universities and scientific research organizations to jointly build the technical alliance of the elevator industry, pooled superior strength to make technical innovations and foster high-end technical personnel and continuously supported improvement of its technical strength.

2003年04月

与中国建筑科学院建筑机械化研究分院合作组建了“康力电梯 研发中心”,康力第一个国家级研发机构诞生。

Canny Elevator cooperated with the Institute of Building Mechanization, CABR to build a Canny Elevator Research and Development Center which is the first national research and development institute of Canny.

2011年11月

与哈尔滨工业大学联合开展“十一五”国家科技支撑计划课题“既有建筑设备改造关键技术研究”。

Canny Elevator cooperated with Harbin Institute of Technology to carry out the key technical research on equipment transformation of existing buildings which was a national science and technology support program included in the 11th five-year plan.

2004年11月

与南京工业大学合作组建了“康力电梯研发中心”。

Canny cooperated with Nanjing Tech University to build a Canny Elevator Research and Development Center.

2012年1月

常熟理工-康力电梯学院(本科)正式挂牌成立,这是国内首个本科类电梯专业院校。

Changshu Institute of Technology—Canny Elevator College (a regular college) was officially set up. It is the first regular elevator college in China.

2009年06月

“康力电梯—浙江大学院士工作站”正式成立,推动了产、学、研合作的不断深化。

Canny Elevator—Zhejiang University Academician Center was officially founded and promoted in-depth cooperation between enterprises, universities and scientific research institutes.

2012年5月

建立国家级博士后工作站。

Founded a national postdoctoral center.

2010

自主研发成功国内首台拥有完全自主知识产权的7m/s超高速电梯, 并投入使用

Independently developed the first ultra high-speed elevator with a speed of 7m/s and independent intellectual property rights and put it into use

2017

成功研发10m/s超高速电梯
成功研发50米大高度重载交通型扶梯
成功研发5m/s高速观光电梯
推出最大提升高度42米KLXF重载公交型扶梯

Successful development of 10m/s super high speed elevator
Successful research and development of 50 meters high heavy traffic escalator
Successfully developed 5m/s high-speed Panorama elevator
Released a max 42-meter high KLXF heavy-duty public traffic type escalator

2014

成功研发净宽1.4m的水平人行道
最大跨距150m

Successfully developed a horizontal moving walk with the clear width of 1.4m and the maximum span of 150m

2009

自主研制成功一体化电梯控制系统

Independent and successful R&D of the integrated elevator control system

2012

推出最大提升高度36m的KLXF重载公交型自动扶梯

Launched the KLXF heavy-duty public automatic escalator with the maximum hoisting height of 36m

2016

成功研发20米无支撑重载公交型自动扶梯

Successfully developed 20-meter-high support-less heavy duty public transportation escalator

2011

自主研发并成功应用“CANNY”目的选层系统

Independent R&D and successful application of “CANNY” destination floor selection system

2006

推出“CANEN赛能”能量再生回馈技术

Independent and successful R&D of “CANEN” energy regeneration feedback technology

2005

自主研制成功ECO自动扶梯节能技术

Independent and successful R&D of ECO escalator energy-saving technology

2003

自主研发TWJ1000/1.0-JXW无机房电梯

Independent and successful R&D of TWJ1000/1.0-JXW machine room-less elevators

全球超大型自动扶梯 和自动人行道生产基地

The Global Ultra-Large Automatic Escalator and Moving Walk Production Base

83,000 m²

总占地面积(平方米)
Sets and the Floor Area of 83000 Square Meters

7000 台

年生产台数
With the Annual Production Capacity of 7000

全球超大规模自动扶梯和自动人行道车间
The Super Large Automatic Escalator and Moving Walk Workshop in the World

这是目前全球规模最大、自动化程度最高、技术最先进的扶梯车间之一。建筑面积83000m²，拥有十条世界先进的生产装配线，年产各类自动扶梯/人行道7000台，能充分保证和满足全球日益增长的公共交通项目的需求。

At present ,this escalator workshop is at the global cutting-edge of the scale, the automation degree,the production technology and the assembly capability,with the 83,000m² floorage, the 10 lines and the anual output of 7000 various escalators and moving walks to fully meet the increasingly growing demand for public transport project in the world.

《AR》

荣获江苏省“2018年省级示范智能车间”

2018 provincial demonstration intelligent workshop

康力电梯门板智能制造车间和SMT智能车间融合SAP-ERP、MES、质量QMS、供应链SCM等信息系统,为电梯行业制造智能化提供了示范作用,由江苏省工业和信息化厅授牌“2018年省级示范智能车间”。

Canny elevator door intelligent manufacturing workshop and SMT intelligent workshop integrate SAP-ERP, MES, quality QMS, supply chain SCM and other information systems to provide a demonstration role for the intelligent manufacturing of the elevator industry. The workshop was recognized as “2018 provincial demonstration intelligent workshop” by the Industry and Information Technology Department of Jiangsu.

智能制造新生态 管理信息化, 打造无边界工厂

New Ecology of Intelligent Manufacturing
Build a boundless factory through IT-based management

作为电梯业的民族品牌龙头企业,康力积极打造集智能、安全、环保、节能于一体的现代化全新生态工厂,不仅能实现规模化制造和精益生产打造更高品质的高端产品,更以独特的生产理念推动电梯制造业的发展。

生产信息化控制中心
IT-based Production Control Center

As a national leading elevator enterprise, Canny Elevator actively builds a brand-new eco-factory integrating intelligence, safety, environmental protection and energy conservation. Therefore, Canny Elevator realizes large-scale manufacture and refined production, creates high-end products with better quality and promotes development of the elevator manufacturing industry with a unique production philosophy.

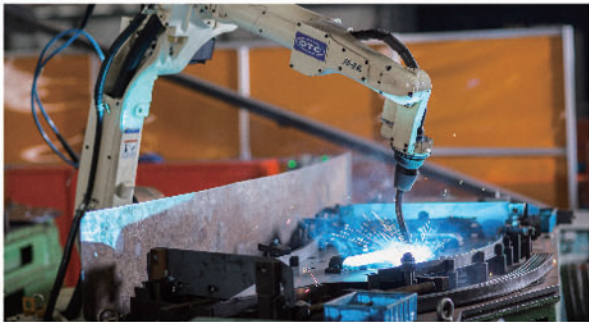

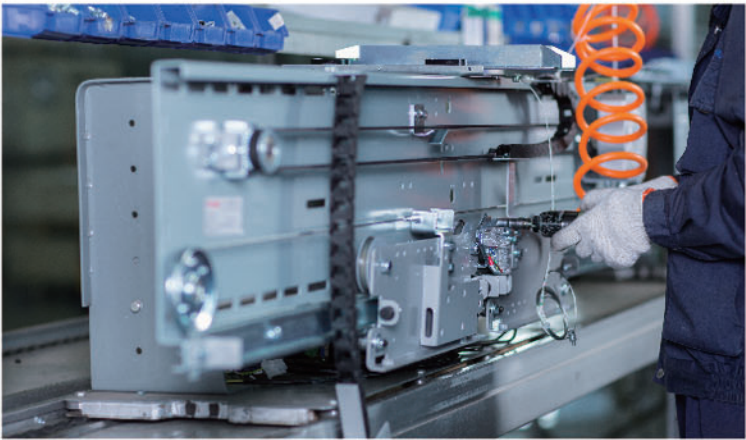

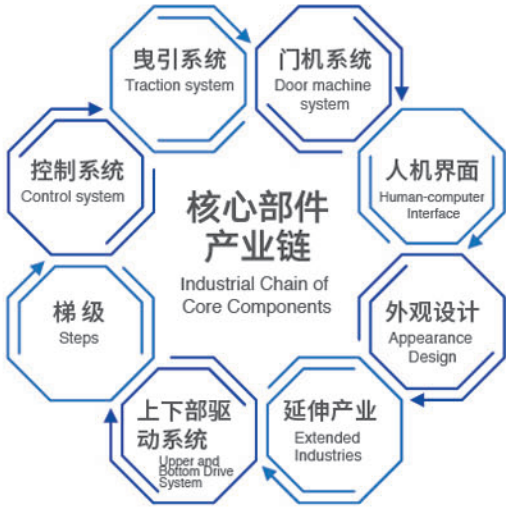

《AR》

完备的核心部件产业链

Complete core component industry chain

康力拥有几乎所有电扶梯部件的研发生产能力。从控制系统、曳引系统、门机系统、上下部驱动等核心部件，到产品外观设计、零部件、钣金、型材等延伸产业，康力构建了完整电梯生产制造产业链，在质量管理和成本控制上游刃有余。

Canny can develop and produce almost all elevator and escalator parts. Canny has built a complete elevator manufacturing chain covering control systems, traction machines, door operator systems, upper and bottom drive systems, industrial design, parts, metal plates and section bars, to have plenty room for quality management and cost control.

康力不断深入产业化发展模式，从部件到整梯，在行业中建立起属于自身的核心竞争力。

Canny has further developed the industrial development pattern and built its core competitiveness in the industry in terms of finished elevators and escalators and their parts.

卓越产品, 源于我们对品质的坚持

Excellent products derive from our persistence in quality.

我们采用全面质量管理模式，保证产品品质达到并超过世界多个国家和地区的采购标准。

We adopt an all-round quality management model and guarantee that our product quality meet and even surpass the purchase standards of many countries and regions.

SSQS

全面质量管理模式

公司创立了以追求“零缺陷”为目标的“SSQS”全面质量管理模式。

SSQS Overall Quality Management Model

Canny created the SSQS overall quality management model pursuing the zero defect goal.

产品体系, 提升城市垂直交通文明

Product lines improve the experience of urban vertical transport

从个人住宅到大型社区, 从单体的商业建筑到城市综合体乃至公共交通枢纽, 我们都有针对性的解决方案, 满足各种建筑类型的需求, 提升人们在建筑中的通行品质。

We provide targeted solutions for personal residences, large communities, single commercial buildings, urban complexes and public transport, meet demands of various building types and improve the ride quality in buildings for people.

深圳地铁3号线日均客流量达约50万人次
The metro line 3 of Shenzhen receives about 500 thousand passengers every day on average.

1000万

南昌昌北国际机场年旅客吞吐量达约1000万人次
Nanchang Changbei International Airport receives about 10 million passengers every year.

完整产品系列

A Full Range of Product Lines

针对地铁站、车站、轻轨、机场、天桥、景区等不同领域均能提供合适的解决方案。

Canny provides solutions suitable for metro station, railway station, light rail, overpass and scenic area fields.

- 专业设计 Professional design
- 全方位安全 All-round security
- 绿色节能 green technology
- 高效的项目服务 Efficient project service

现代化更新改造, 释放出行新动力

Modern renewal and upgrading release a new driving force for travel

康力凭借行业尖端的技术和多年工程经验, 为老旧电梯、老旧楼房带来针对性的解决方案, 顺应城市更新改造的时代潮流, 为出行注入全新动力。

Relying on cutting-edge industrial technologies and multiple years of engineering experience, Canny provides targeted solutions to transformation of old elevators and buildings, conforms to the trends of urban renewal and transformation and gives brand-new impetus to travel.

• 为幸福中国加梯 •

因地制宜, 提供多种解决方案, 切实解决旧楼加装难题。

According to actual situations, Canny provides multiple solutions for customers to solve problems of adding elevators to old buildings in a practical way.

康力幸福加梯 既有建筑加梯服务旗舰品牌

康力幸福加梯服务从产品思维提升至工程思维, 提供覆盖整个加梯工程的自有全产业链服务, 在旧楼加装电梯的全过程中为您提供全方位的支持, 保障方案的顺利执行, 为每一个环节提供高品质的保障。

Canny Xingfu Existing Building Elevator Flagship Brand of Adding Elevators to Existing Buildings

Canny Xingfu Existing Building Elevator improves from product thinking to engineering thinking in terms of services, provides own whole industrial chain services and an all-round support during the whole processing of adding elevators to old buildings, and guarantees that work plans are carried out smoothly and the high quality of every link is guaranteed.

为幸福中国加梯

设计,为您的建筑提升城市价值

Design increases the urban value of your buildings

建筑内容流是否顺畅,设计是否美观都影响着人们对一个城市的印象。康力专业的客流方案设计和与建筑共生的美学设计及环境人文设计,不仅提升建筑价值,更提升城市形象。

Whether the passenger flow within the building is smooth, whether the design is beautiful affect the impression of a city. Canny professional passenger design and construction, and industrial symbiosis industrial design and environmental design, not only enhance the construction value, but also enhance the image of the city.

● 专业客流解决方案

经过多年发展,康力在应对不同形式的建筑的客流运输需求方面积累了丰富的经验。在此基础上,对建筑按照功能进行分类,并围绕设计模块化、部件标准化、产品目标化的原则,通过严谨分析和计算,为不同类别的建筑量身定制最合适的解决方案。

Professional solutions to passenger transport

After years of development, Canny has accumulated rich experience in meeting passenger transport requirements of different kinds of buildings. On this basis, Canny classifies buildings according to their functions and customizes the most appropriate solutions for different kinds of buildings through strict analysis and computation according to the principle of modular design, standard parts and targeted products.

● 与建筑艺术共生的工业美学

康力拥有一批优秀的电扶梯视觉设计和工业设计师。我们希望乘客在短暂的乘梯时间里,不仅能感受到安全和舒适,更能感受到康力为您呈现的空间艺术。

Industrial aesthetics symbiotic with architectural art

Canny has a batch of outstanding visual and industrial designers of elevators and escalators. We hope that passengers can feel safe and comfortable and enjoy the space art presented by Canny during the short ride time.

● 与人文环境和谐相融

康力高度重视产品对生态环境和社会环境的影响,在设计解决方案时,以人为本,兼顾环境兼容性、社区生态保护、安全性等因素,力求和谐融入,为人们创造便利的同时,成为整个生态环境不可分割的一部分。

Harmony with the human environment

Canny attaches great importance to the influence of products on ecological and social environments. While designing solutions, Canny puts people first, and takes environmental compatibility, protection of community ecology and safety into account, strives to integrate elevators and escalators with the environment. While facilitating transport, elevators become an integral part of the whole ecological environment.

● 多维度解决方案

全方位安全， 康力的企业行为准则

Overall Safety
CANNY's Code of Conduct

康力倡导全方位的安全。除了不断地改进现有产品的安全性能，同时还将安全理念贯穿企业管理、产品设计、制造、运输、安装、使用、维保的全生命周期。安全对于康力来说，不仅是产品标准，更是最重要的企业行为准则。

Canny advocated a full range of security. In addition to the safety of the product on the continuous innovation, but also the safety concept throughout the design, manufacture, transportation, installation, use, maintenance of the whole life cycle. Safety is not only product standard but also the code of conduct.

产品安全
Product Safety
所有电梯产品均符合国家最高级国际标准
All products meet national highest and international standards

物流安全
Logistics Safety
科学的物流管理，保证产品运输过程的安全

保证时刻安全
Service support covering the entire life cycle guarantees safety at all times

安装安全
Installation Safety
标准化的安装和交付流程
确保每一次安装安全
Standardized installation and delivery processes ensure safe installation every time

乘梯安全
Passenger Safety
持续举行安全乘梯公益宣传活动，促进乘梯安全
Continuously hold safe riding publicity activities to promote safe riding

绿色智能的建筑空间

Green Intelligent Building Space

康力始终以全球视角进行新技术的研发，在节能和智能领域不断创新，以此提高电梯和扶梯的运行体验，为用户节约时间成本和运行成本。

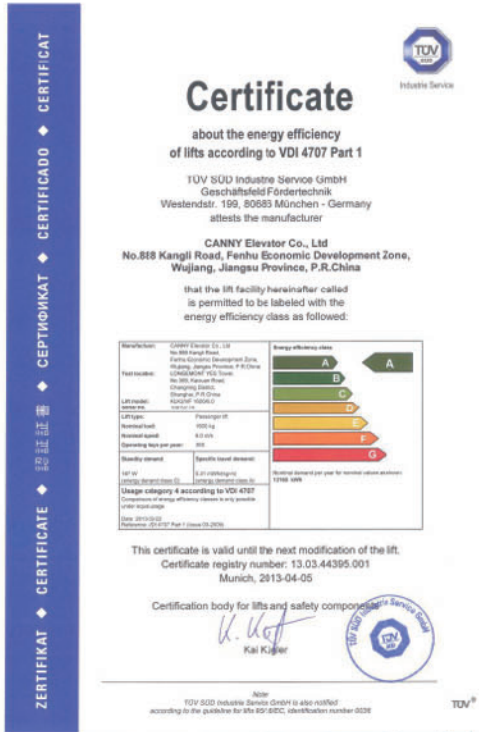

Canny has always developed new technologies with a global vision and constantly made innovations in the energy-saving and intelligent fields so as to improve operation experiences of elevators and escalators and save time and operation costs for users.

智能控制,改善客流体验

随着智慧城市建设的逐步深化,电梯不仅要满足日常运载的基本需求,更要为乘客带来智能化的体验。康力与时俱进的智能控制技术,集智能运行、智能识别、智能维保于一体,对楼宇进行高效管理,为用户提供优质顺畅的客流体验。

Intelligent control improves ride experiences of passengers.

With the building of smart cities, elevators not only meet the basic demand for daily transport but also offer intelligent experiences to passengers. The intelligent control technology of Canny integrates intelligent operation, recognition and maintenance, conducts efficient management of buildings and provides users with good smooth ride experiences.

国际认证
康力公共交通系列扶梯和电梯产品
均已通过TUV机构的A级能效标准认证

International Certification
Canny public transportation series escalators and elevator products
Have passed the A-level energy efficiency standard certification of TUV

智能运行
目的选层、智能派梯

Intelligent Operation
Selection of Destination Floors

智能识别
面部识别、指纹识别

Intelligent Recognition
Facial Recognition
Fingerprint Recognition

智能维保
故障自诊断、信息化维保

Intelligent Maintenance
Self-diagnosis of Faults
IT-based Maintenance

覆盖产品全生命周期的专业支持

Professional Support Covering the Full Life Circle of Products

康力, 在为全球城市建筑提供电梯产品的同时, 也提供了设计、生产、运输、安装、维保等覆盖全生命周期的服务, 保障产品持续安全、可靠的运行。

While providing elevator and escalator products for urban buildings worldwide, Canny also delivers services covering the full life circle of its products such as design, production, transport, installation and maintenance, and guarantees the continuous safe reliable operation of the products.

一梯一码 智能管理
one QR code for one lift, Smart management

高效快捷的安装交付

每一个项目都成立专门的项目团队, 丰富的经验和科学的管理保障快速、安全的安装和交付, 最大限度减少对环境干扰, 并节省成本。独有的康力鹰智能管理系统和工程服务管理系统EOS支持每个项目的工作得以更加高效、快捷的完成。

Efficient and quick installation and delivery

Each project has a dedicated project team with extensive experience and scientific management to ensure fast and safe installation and delivery, minimizing environmental disturbances and saving costs. Canny unique CANNY EAGLE Intelligent Management System and Engineering Service Management System EOS support the work of each project to be completed more efficiently and quickly.

康力鹰——智能管理系统

全流程“康力鹰”智能管理系统, 支持项目每个环节高效快捷完成。
订单生效—投产开始—完工入库—工厂出发—货到工地—安装管理—售后保养

CANNY EAGLE—Intelligent Management System

The whole process “CANNY EAGLE” intelligent management system supports the efficient and quick completion of each link of the project.
Order taking effect—Production start—Products completion—Warehouse storage—Departure from factory—Delivery to site—Installation management—After-sales maintenance.

EOS——电梯工业互联网平台

以“数据+模型=服务”为核心, 融合IT与OT, 借助大数据分析而衍生出的电梯预测性维保服务平台, 可为用户提供定制化快速交付服务和基于物联网的电梯运维服务。

EOS—The Internet Platform of the Elevator Industry

Centering on “data+ models=services”, it combines IT with OT, to provide users with customized rapid delivery services and elevator maintenance services based in IoT by taking advantage of the predicted elevator maintenance service platform deriving from big data analysis.

构筑具有安全感的城市楼宇交通系统

Build a safe transport system for urban buildings

大数据生命支持中心

康力电梯向全国客户提供统一的售后支持服务，基于康力云对每台康力产品的数据跟踪和搜集，可做到快速响应，精准回应。

大项目服务

针对公共交通等大型项目，康力派遣优秀维保工程师组指定维保站，提供专属维保服务。

Big data life support center

Canny provides unified after-sales support services to customers across the country, based on Canny Cloud's data tracking and collection for quick and accurate response.

Large project services

For the large public transport projects, Canny send excellent maintenance engineer team to the designated maintenance station, to provide exclusive maintenance services.

备件供应

Spare parts supply

康力在全国建立了完善的备件供应体系，可保证及时、就近供应，为维保更新提供支持。
Canny has established a complete spare parts supply system throughout the country to ensure timely and close supply and support for maintenance.

专业维保计划

Professional maintenance plan

根据客户需求和设备状况提供合理的维保计划和设备保养方案。
The base of the reasonable maintenance plans and equipment maintenance plans is the customer needs and equipment conditions

物联网技术

IOT technology

对电梯的使用情况进行实时监控，提前进行故障排除，避免事故的发生。
The potential accidents is avoided by the Real-time monitoring of the use of the elevator and the troubleshooting in advance.

产品全生命周期信息监控系统——康力云

Product Life Cycle Information Monitoring System — CANNY CLOUD

康力云是康力独有的综合性智能电梯云平台管理体系，实现电梯联网实时监控和及时响应维保需求，做到“不管你在哪里，康力就在你身边”。
CANNY CLOUD is Canny's unique comprehensive intelligent elevator cloud platform management system, realizing elevator real-time monitoring and timely response to maintenance requirements, so that “No matter where you are, Canny is at your side”

实时监控

Real time monitoring

采集数据——数据分析——日常管理——质量评估——事故预警
Data collection — data analysis — daily management — quality assessment — accident warning

及时响应

Timely response

系统报警——通知维保人员——技术人员在移动终端接受服务命令——迅速响应解决问题——备品备件及时供应
System alarms — notify maintenance personnel — technicians receive service orders on mobile terminals — respond quickly to problem solving — timely supply of spare parts

康力在中国

Canny in China

在全国各地的地标性建筑中,你常常能看到我们的身影。我们希望用卓越的产品和服务提升建筑价值,为未来创造无限可能。

Our products can be found in landmarks all over China. We hope that our excellent products and services improve the value of buildings and create infinite possibilities for the future.

战略合作

Strategic cooperation

多年的品牌积淀，大量的工程经验使康力赢得了广泛的市场认可和客户的忠诚信赖。目前康力已与众多一线房产商建立了长期的战略合作伙伴关系，为公司长期稳定占据市场打下坚实基础。

Years of brand accumulation, a large number of engineering experience has enabled Canny to win a wide range of market recognition and customer loyalty and trust. At present, Canny has established long-term strategic partnership with many first-tier real estate developers, laying a solid foundation for the company's long-term stable market share.

创国际品牌, 建百年文化

Build international brands and foster century-old corporate culture

康力创建的富有特色的企业文化, 是在充分吸收其他优秀文化的基础上, 结合自身特点, 进行优化凝炼和设计, 从而形成的一套对于企业意识和行为极具实际指导意义的理念体系。它是所有康力人的意志所在, 也是引领我们企业永续发展的不竭动力。

Canny fosters a unique corporate culture and conducts optimization and design on the basis of other excellent cultures and its own characteristics, thus forming a set of concept systems which are of great practical guidance in terms of corporate consciousness and behaviors.
